**City of Berlin**

# Press Release

## **City is Prepared for the Building Season**

Building Inspector is on Board

**Berlin, NH, April 15, 2016:** There are new faces in Berlin's Code Enforcement Office. Jen Meyers is the Administrative Clerk and Michel Salek has taken on the building inspector position. In addition to regularly inspecting rental properties, he will be processing and following up on building permits. According to Mr. Salek, permits must be issued and fees paid prior to beginning construction.

Applications for permits can be found on the [City of Berlin](#)'s web site or they can be picked up at the Code Enforcement Office at City Hall, 168 Main Street using the entrance at the back of the building. Permits often need the approval of the Fire Department, and Building Inspector, so it can take up to a week for a permit to be issued after the receipt of the application and payment. Any questions may be directed to Jen or Michel at the Code Enforcement Office at 752-1630
